

City of Sacramento

COMMUNITY OPEN HOUSE SCHEDULE

The Sacramento Area Flood Control Agency (SAFCA) and the City of Sacramento will host two Open House meetings at which you can ask SAFCA and City of Sacramento staff questions about the flood insurance savings process and the ongoing flood threat to the Sacramento region.

For more information about these Community Open House meetings, please contact the City of Sacramento's Floodplain Hotline at (916) 808-5061. A recording will ask you to leave your name, contact number, property address and question or concern so the staff can promptly return your call.
